

AQUA CLASS

Aqua Class have settled in well to returning back to school after the summer holidays. They have been very supportive in helping Mr West (Their new class teacher) to settle in to Hollywater.

Aqua have been very busy in their first month of learning including making resin models to sell as part of their Enterprise subject, creating their own photographic paper in art, learning about the human body in Science and so much more.

Aqua have had additional opportunities to try skate boarding, being in a rock group and making a start with activities that support achieving their Duke of Edinburgh Award qualification.
