

Orange Class

We have had a good start to the new year.

In Maths we have been working on addition and subtraction and statistics. We practised to make a tally chart and we also learnt about pictograms. We all enjoyed doing this.

Discovery is geography this half term. Our topic is volcanoes. We first learnt about the structure of the earth. After that we moved on to volcanoes. We watched videoclips and we looked at photos. We did an experiment by making a volcano ourselves. This was a lot of fun.

On Friday afternoons we have music with 'Rock Steady'. In these sessions we get the chance to try out different instruments: drums, keyboards and electric guitars. We also can use microphones to sing. At the moment we are learning about rhythm.

In art we are learning about abstract art. We have looked at work from Piet Mondrian, Mark Rothko and Paul Klee so far. We mixed paint and we used these colours to make abstract art like these artists.
