

Blue class

Blue class have a weekly café in class. They use their communication skills, personal skills, helping, sharing and taking turns. Pupils use their ALD (Aided Language Display) boards to ensure that the communication is clear and sentence structures are correct. Blue class have a lot of enjoyment with this weekly session as do the adults being able to have fun alongside the pupils!

Pupils made bird feeders in their PDL sessions. They used lard and bird seed. They put the mixture into fir cones and bottle tops. Then they went into the FE garden to hang them up. They are going to check later on to see if the birds have eaten any! **Happy Christmas everyone!**
