

Lemon Class

Welcome to Lemon Class 2023! In September, we have all been settling back into school life and, for some of us, our new school. We have been having lots of fun exploring our new learning environments and finding out about each other.

We are enjoying exploring our new mud kitchen and sensory area in our playground. We have been learning to mix different natural ingredients and developing our independence skills, putting on and taking off wet weather clothes and welly boots.

This half term, our learning themes are 'All About Me' and 'Autumn and Harvest'. We have been using lots of nursery rhymes and number songs to develop our communication and number skills, including 'Humpty Dumpty', 'Five Little Apples' and 'I Can Sing a Rainbow'.
