

Purple Class Monthly Update: February

In February , we learnt that we need to make a coin/money exchange to buy things/objects. Our class engaged in a play pretend 'toy shop ' ,travelled by bus ,had to pay for our bus ticket to go to the toy shop

For Creativity , we are beginning to learn about Primary and Secondary colours . We worked as group to make our class Primary colours wheel ,and engaged in practical work to mix different primary colours to make new colours .

In PE ,this month we engaged in table cricket , children beginning to develop gross motor skills by practicing holding the bat and pushing it towards the ball .

February was about developing independence in all aspects of our school life.
