

Lime Class

In January, our topic has been about 'Transport', we have listened to a variety of songs about transport but one of the class favourites is the Barefoot Books song 'We All Go Travelling By'. In addition to transport songs we have also been listening to different songs to practise our rhythm where we have been clapping along to the beat.

In Maths, we have used small world vehicles to identify an amount using our subitising skills, and we have also been practising our backwards counting, we have all loved counting down from 10 and watching a video of a real rocket take off. We have been listening to number rhymes and songs to practice our counting skills, using 'finger numbers' to show how many items there are.

In Food technology we have been using our spreading skills to make our own sandwich, as well as looking at the steps involved to do so. In Creativity we have been making a variety of different transport, such as cars, buses and trains using several skills like
