

Welcome to Aqua class's monthly newsletter.

A very happy new year to everyone and we hope you had a peaceful Christmas and New Year. This month saw Aqua taking part in a variety of D of E inspired activities, including swimming which will be part of their D of E Triathlon. There are two groups who will take turns swimming/PE at school. They have also begun their D of E skills section and are taking part in the Forest School activities. They have been learning how to tie knots whilst learning how to **not** tie themselves in knots!! They are all trying really hard to master new skills whilst enjoying being out in nature which is what forest School is all about!
