

Purple Class Monthly Update: November

In November we developed our independence by practicing putting coats on ,and transitioning to different places around the school .

In Maths ,we are exploring shapes ,pupils have been working very hard in recognising different shapes as well as sensory activities to discover 2d shapes .

Purple Class are learning about light and dark in Science . The children participated in interactive activities, using different torches to make light .

November was a memorable one filled with learning , giving and reflection. Our class embarked on activities honouring Remembrance Day and engaged in meaningful activities for Children in Need Day ,with the aim to foster a sense of responsibility and empathy in our pupils.
